

PORTRAIT INFORMATION

SITTING FEE

Sitting fee is \$65.00 for up to two hours of shooting time. There are no additional charges for phone calls, meetings or any planning required to set up your shoot. There are no limits on the number of outfits or poses and no additional charges for shooting at a remote location or to shoot at multiple locations. However, the time required to change locations and set up will be treated as shooting time.

Two hours should cover most shoots, but if additional time is needed, it can be added for \$30 for each additional hour.

WHAT YOU WILL RECEIVE

Proofs of all usable images from the shoot will be posted on a password protected web gallery for you to review. If you do not have internet access or if you would rather have printed proofs to review they can be provided for \$0.25 per print. Finished prints and/or electronic files can be purchased after proof review as outlined below. No print orders are required in advance of receiving your proofs, and you are under no obligation to make any additional purchases.

PRINT PRICING

You can select up to 15 images from your proofs to use for print orders. If you would like additional images for your print or digital file needs, there will be a \$10 per image charge for editing and processing.

All final selections will receive corrections for cropping and color corrections including black and white or sepia conversions if you choose as well as editing to remove blemishes, stray hairs and other corrections required to create a nice final image. All prints will be produced by a professional photo lab, not Walgreens or Wal-Mart. If extensive editing of a photo is required, it can be done but will have additional charges which are outlined in the RETOUCHING section.

I do not offer print packages because I find that for most people it does not give them exactly what they really need and forces you to ultimately pay for unnecessary items. Instead, I provide discounts based on total sales. Please see the DISCOUNTS section.

(1) 16x20 print.....	\$35
(1) 11x14 print.....	\$25
(1) 8x10 print.....	\$12
(1) 5x7 print.....	\$8
(2) 3 1/2x5 prints (Same image - Also available as 4x5 if preferred)	\$8
(8) Wallet size prints (Same image).....	\$8
(2) Wallet size photo magnets (Same image).....	\$8

DIGITAL FILES

You will receive an electronic version of each image used to make a print. These will be reduced in size to 800 pixels on the longest dimension. These images will be provided on a disk and will also be posted to my Facebook gallery where they can be tagged and linked as needed.

If you would like electronic files that are large enough to make your own prints along with a release allowing you to make additional prints you can upgrade the files for \$7.50 per image. This applies to any image used to order a print.

If you would like to purchase electronic versions suitable for printing along with a release instead of purchasing any prints they are available for \$15 per image. This is limited to up to 15 images. More than 15 images require the additional \$10 per image charge for editing and processing as outlined in the PRINT PRICING section.

ADDITIONAL ITEMS

A wide range of additional items are available if you need them. Things such as leather bi-fold and tri-fold displays, photo albums, photo books, framing and matting, special textured prints, prints on canvas, graduation announcements, birth announcements, etc. are all possible. Because there are so many things possible, I am not going to try to list everything here.

If you need any of these sorts of items, let me know and pricing will be determined on a case by case basis.

RETOUCHING

A wide range of significant retouching options are available as needed. **Basic retouching is included with your print or electronic file orders. This only applies to major corrections.** Several types of retouching are listed below. If you need something else, pricing will be determined on a case-by-case basis. All retouching will be done by the photo lab, and there are no refunds for these services unless there is a blatant error by the lab. They are not cheap, but their work is outstanding and is the reason I elect to have them do it versus doing it myself.

RETOUCH OPTION	PRICE PER IMAGE
Extensive blemish removal.....	\$12
Removal of braces.....	\$10
Add missing teeth (per tooth).....	\$7
Slimming.....	\$14
Basic glasses glare removal *	\$7
Extensive glasses glare removal *	\$12

* I will typically use lighting for any shoot indoors or out. If the glasses glare is from my lighting, there is no charge for the retouching as this is a failure on my part to address it during the shoot. This is for glare from other sources such as the sun or other non-photographer caused sources.

DISCOUNTS

Discounts are based on total sales excluding the sitting fee.

TOTAL SALES	DISCOUNT PERCENTAGE
\$125 - \$200	10%
\$201 - \$275	15%
\$276 - \$350	20%
\$351+.....	25%

TAXES and TERMS

The base \$65 sitting fee is due on or before the day of the photo shoot.

Because weather and conditions outside of your control can occur unexpectedly, I will be very flexible in rescheduling appointments without penalty but do reserve the right to add an additional \$30 to the sitting fee for any shoot cancelled and rescheduled.

For all print, digital and retouching orders, 50% of the total is due at the time the order is placed, and the balance will be due upon pick up of finished items. No items will be delivered before full payment is received.

Sales tax will be added to the discounted total sales amount, and no tax will be added for the sitting fee.

Please contact me with any questions or to schedule an appointment.
